

"Their consummate musicianship, gorgeous vocal harmonies, and excellent songwriting held me and our full-house audience spellbound. Individually, the three of them are terrific. As a trio they are astounding... The walls of our little venue hold many wonderful sounds and memories. We've just added some of the best." -Dave Humphreys | Two Way Street Coffeehouse | Downers Grove, IL

HEATHER PIERSON ACOUSTIC TRIO | SINGIN'

The follow up to their hugely successful debut EP, *Still She Will Fly*, Heather Pierson Acoustic Trio's *Singin'* is a record that reflects the variety, flair, honesty, and joy with which they have been gracing stages all over the United States. With their 'traveling music store' of instruments - Heather on piano, acoustic guitar, tenor banjo, ukulele, and melodica; Davy Sturtevant on dobro, fiddle, mandolin, cornet, banjo, and acoustic guitar; and Shawn Nadeau on upright bass - this trio delivers music ranging from Appalachian folk to New Orleans traditional jazz with brilliant musicianship, stellar three-part vocal harmonies, and earthy charm. These ten Heather Pierson originals and two choice covers are just the tip of the iceberg from one of the folk scene's most dynamic groups in recent memory.

1. ***Singin'*** - a rousing guitar and mandolin anthem about finding a way through difficult times.
2. ***The Get Up and Go*** - the jazz-tinged tale of a no-good, deadbeat gambler.
3. ***Dark As A Dungeon*** - a touching, from-the-hills version of the Merle Travis classic.
4. ***Righteous Song*** - moody, guitar/fiddle exploration of a woman-of-faith's love for her son.
5. ***(I'm) Confessin' (That I Love You)*** - an old standard with a new twist.
6. ***Sometimes I Can't Believe My Luck*** - a true story about an on-the-road mishap told with humor and gratitude.
7. ***Give Give Give*** - piano-driven bluesy groove about a mean ol' lover.
8. ***I'm So Fearful*** - a uke/dobro look into family relations, communication, and insecurity.
9. ***Thunderous Voices*** - ethereal, sweet banjo ballad with a soul searching question.
10. ***Don't Be Surprised*** - an honest and somber guitar/mandolin waltz of apology.
11. ***Wild Child*** - driving, uptempo tale of a young man pursuing his dreams.
12. ***Take A Deep Breath and Smile*** - sound advice delivered a la New Orleans traditional jazz.
